Components

Before assembly, check that none of the components are missing.

Preparing the Model for Assembly

Before assembling the model, wash each part thoroughly with an abrasive brush, such as a toothbrush, to remove any model release agent. Then, remove any excess resin such as mould lines, casting gates, vents and shims.

For a more detailed guide to working with resin models, go to the Downloads section of the Forge World website.

This kit contains all the pieces required to construct two Mechanicum Questoris Knights Magaera. To glue the resin pieces together, use Citadel Super Glue.

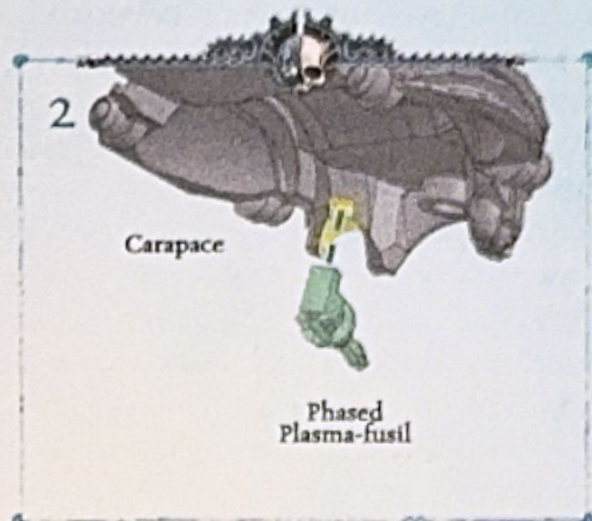

NOTE: Due to the nature of the casting process, your model may contain small air bubbles. These can be filled with model filler or super glue. Any slight warpage of thin parts can easily be corrected by immersing the part in hot water for about 1 minute, then carefully bending it back into shape.

If you need to contact the Forge World Customer Service team regarding this model, you can get in touch via email – forgeworld@gwplc.com – or call: 0115 900 4995 within the UK 011 44 115 900 4995 from the USA and Canada 0011 44 115 900 4995 from Australia 011 44 115 900 4995 from Europe and the rest of the world.
