# ANACHARIS SCORIA

## THE XANAPHANE TYRANT

*The true history of Anacharis Scoria has been lost. It is believed that he was gifted the rank and duties of the Vodian Magister—the chief enforcer of cult doctrine on his shadowed and secretive world, but some time after that he was cast down and removed from all records until the time of the Loyalist covert operation known as the Xana Incursion. In the aftermath of that disaster, its existing rulers were destroyed in a bloody coup after which Scoria re-emerged far more powerful than before to slay those who had once judged him.*

THIS IS NOT A TOY
