This kit contains all the pieces required to convert the Basilisk plastic kit to the Armageddon Pattern Medusa.
To glue the resin pieces either together or to plastic components use Citadel Super Glue.

NOTE: We have cast this conversion kit using the most advanced techniques and the best quality resin, but due to the nature of the casting process your model may contain very slight air bubbles. These can easily be fixed with model filler or super glue. Any slight warpage of the parts can easily be corrected by sanding the part in the top section for about 3 minutes then carefully casting a fresh into shape.

THIS IS NOT A TOY

Not suitable for children under 5 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.

Commanders Seat
(can be placed further away or down)
