This kit contains all the pieces required to build the Brass Scorpion.  
To glue the resin pieces either together or to plastic components use Citadel  
Super Glue.

NOTE: We have cast this conversion kit using the most advanced techniques  
and the best quality resin, but due to the nature of the casting process your  
model may contain very slight air bubbles. These can easily be filled with  
model filler or super glue. Any slight warpage of thin parts can easily be  
corrected by immersing the part in hot tap water for about 1 minute then  
carefully bending it back into shape.

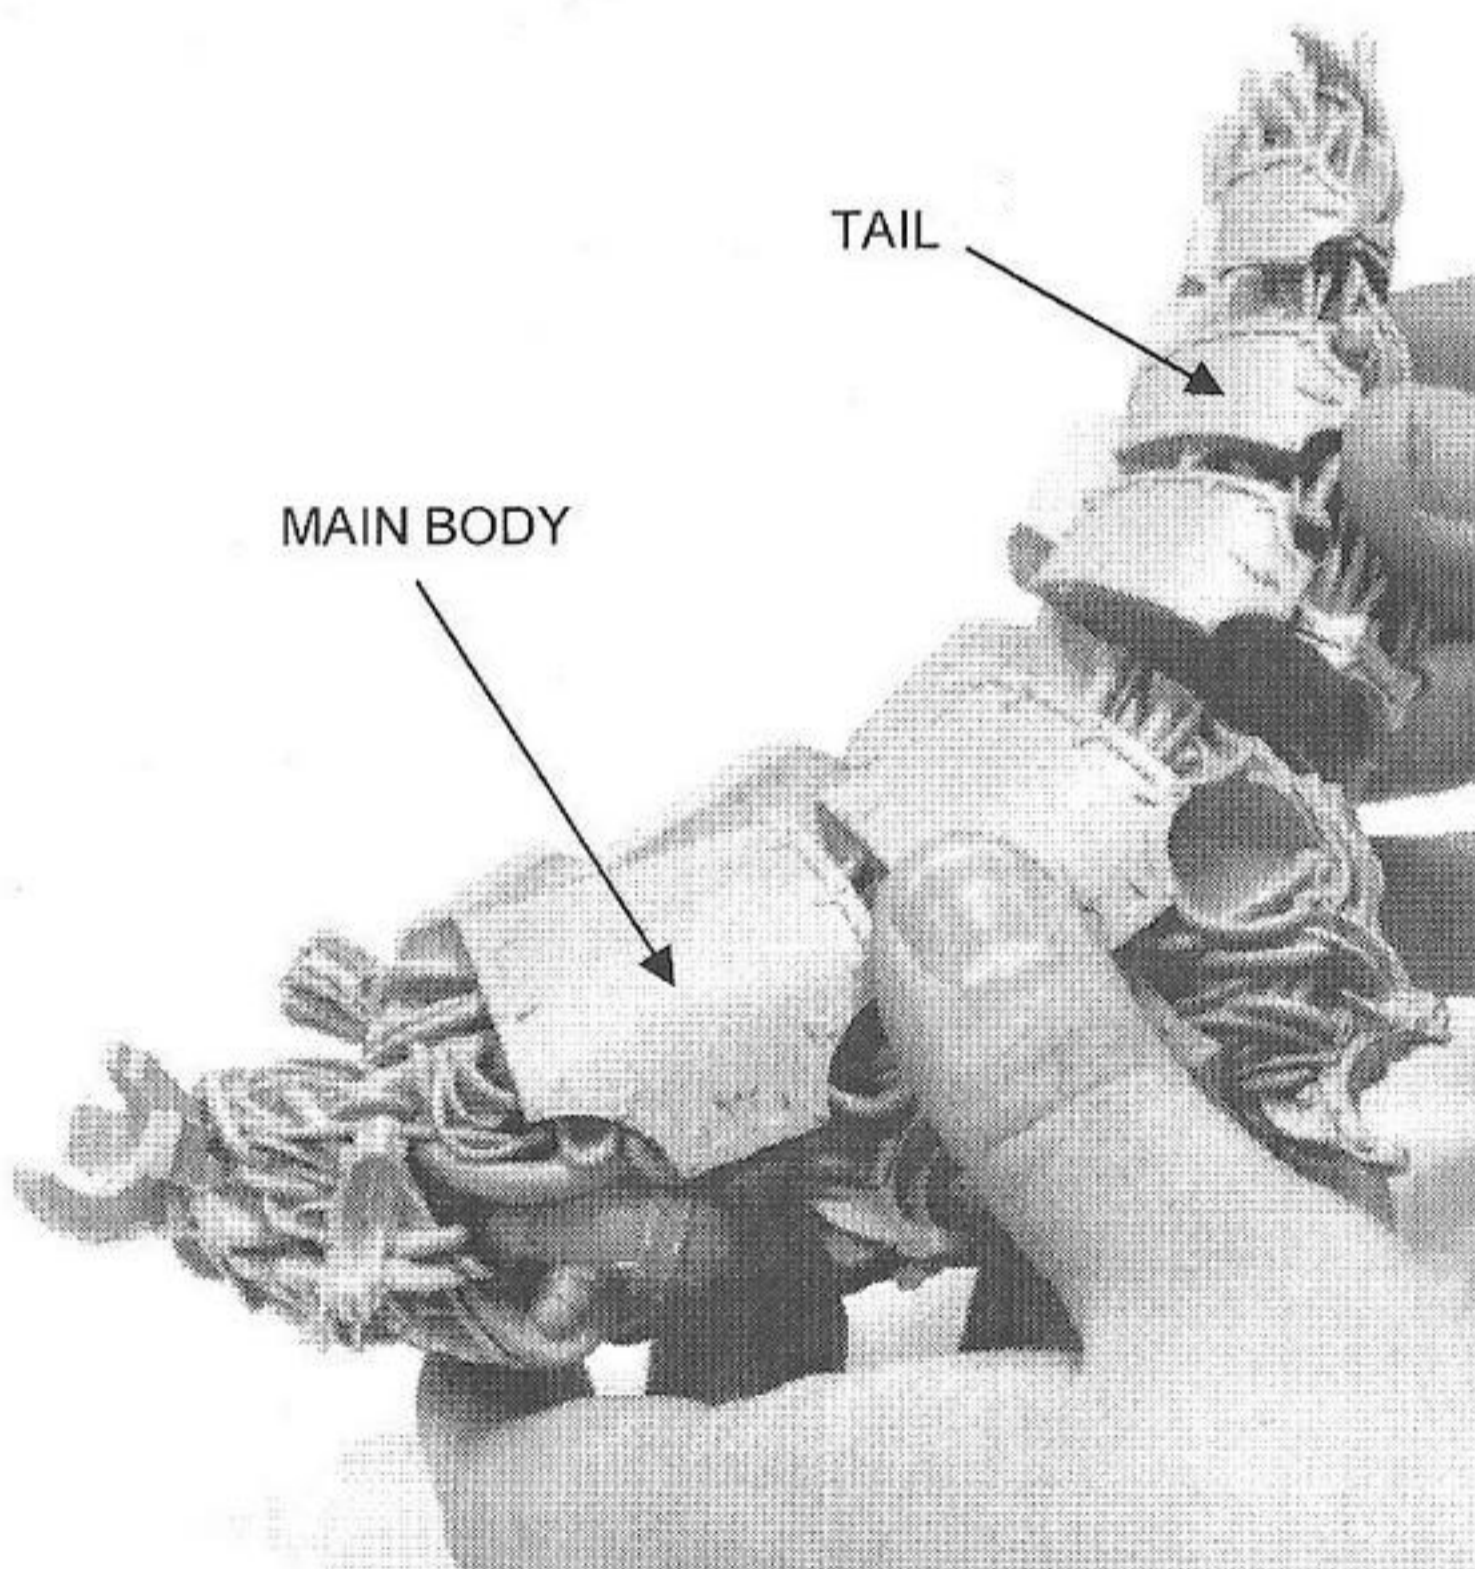

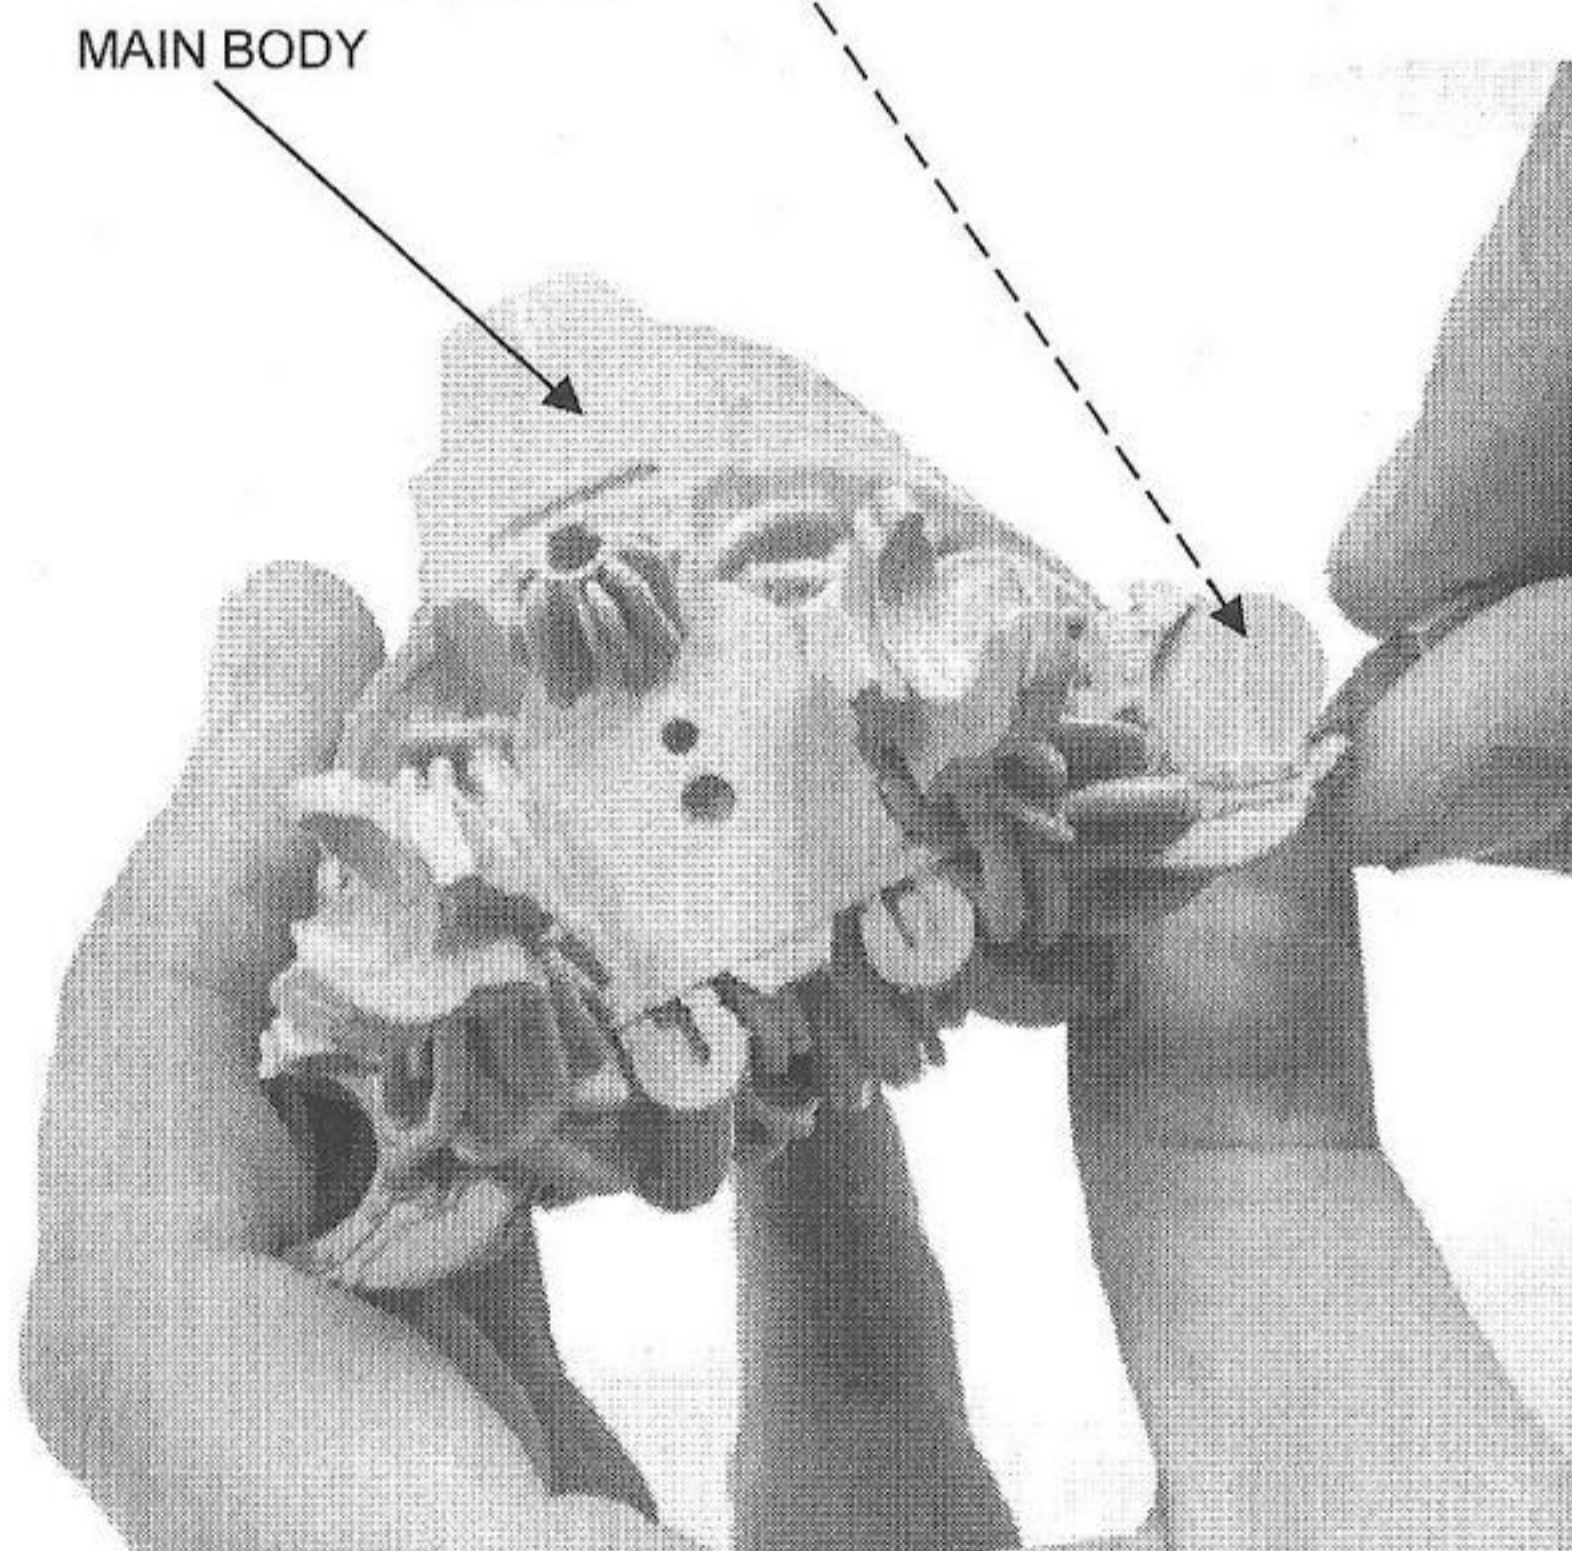

#### THIS IS NOT A TOY

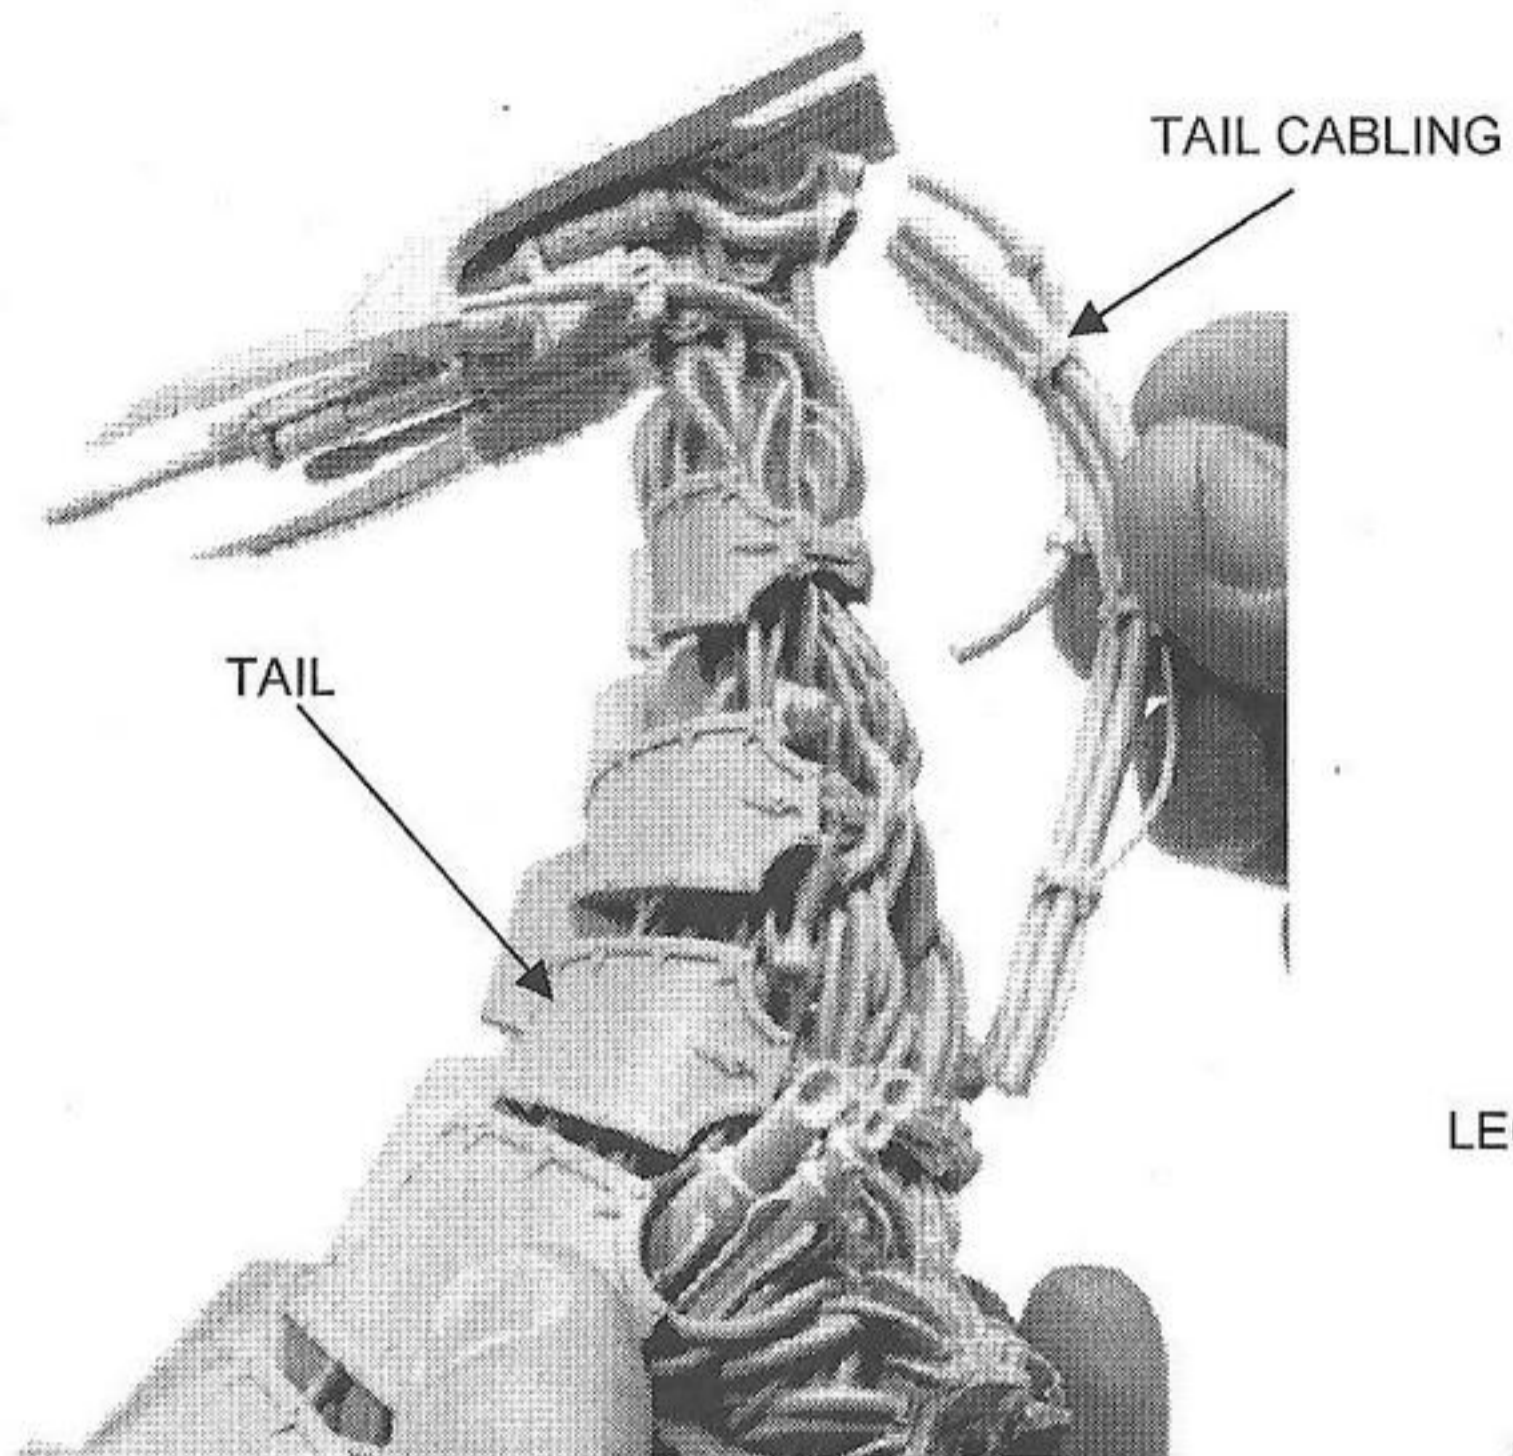

Not suitable for children under 15 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust  
mask or respirator when sanding or sawing resin parts.

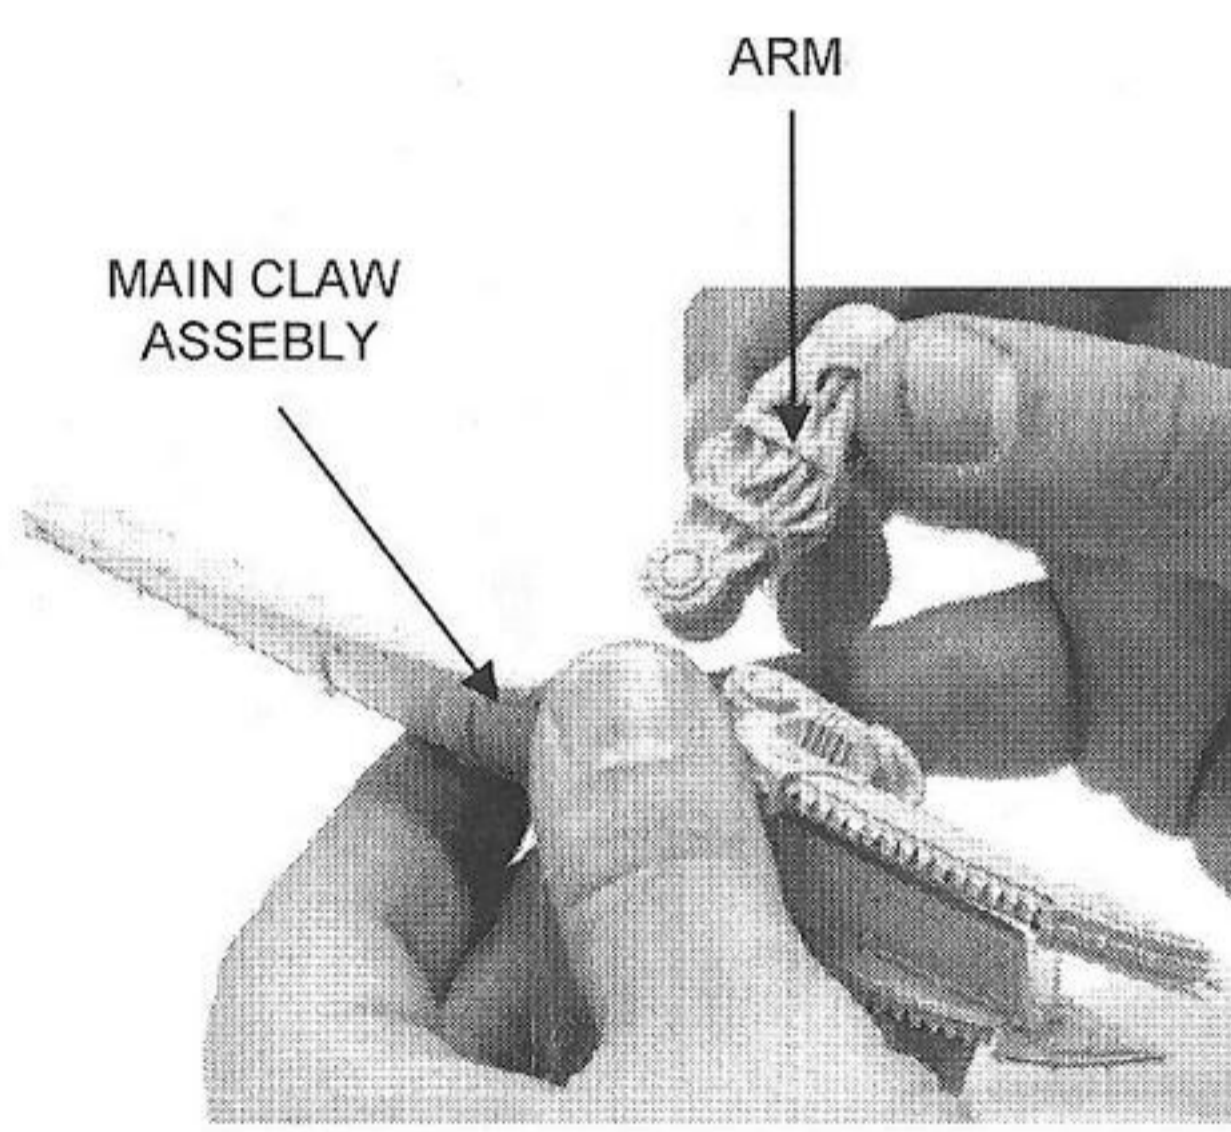

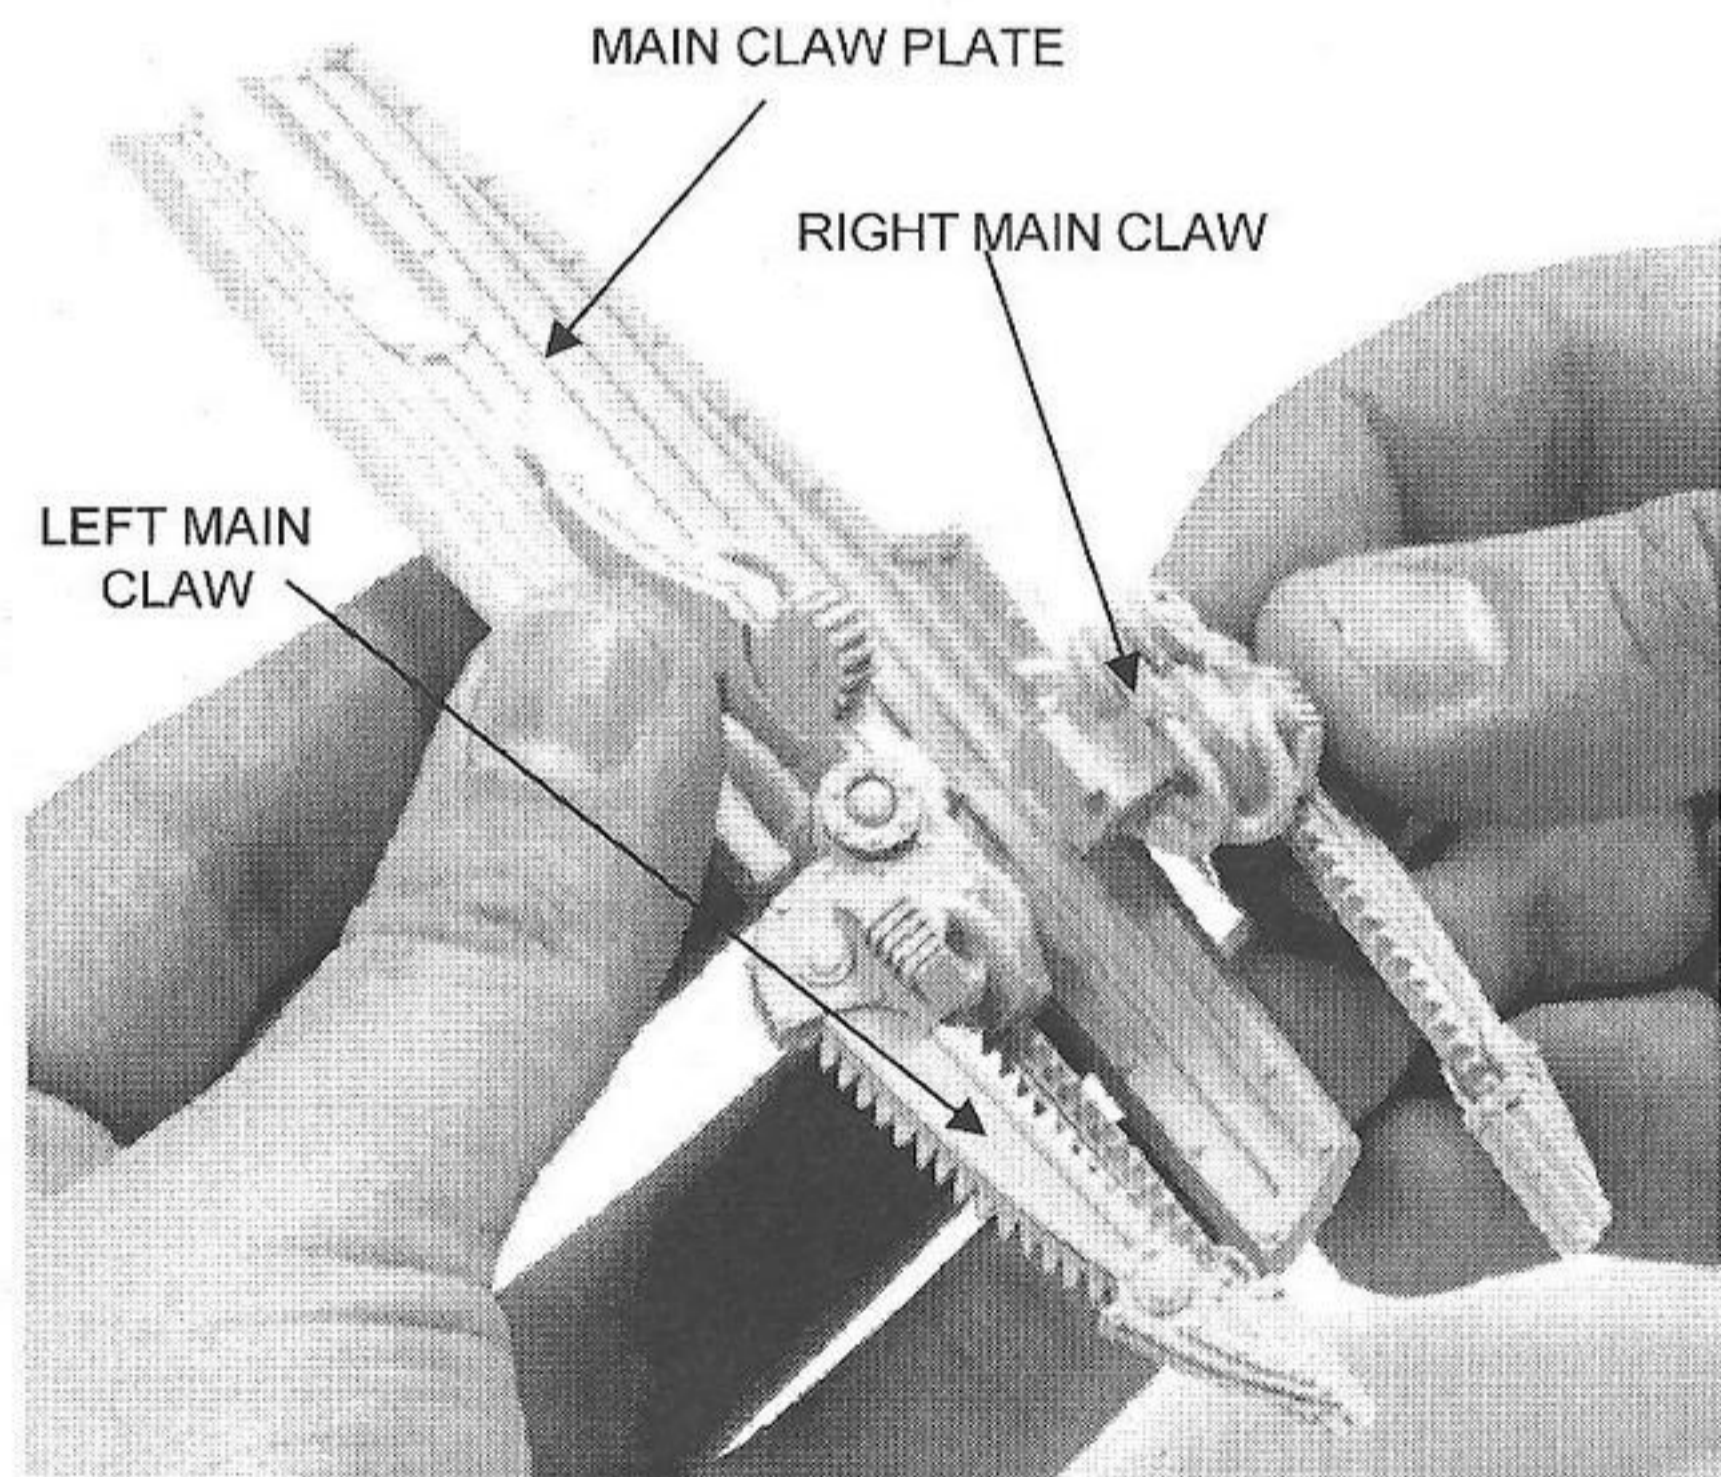

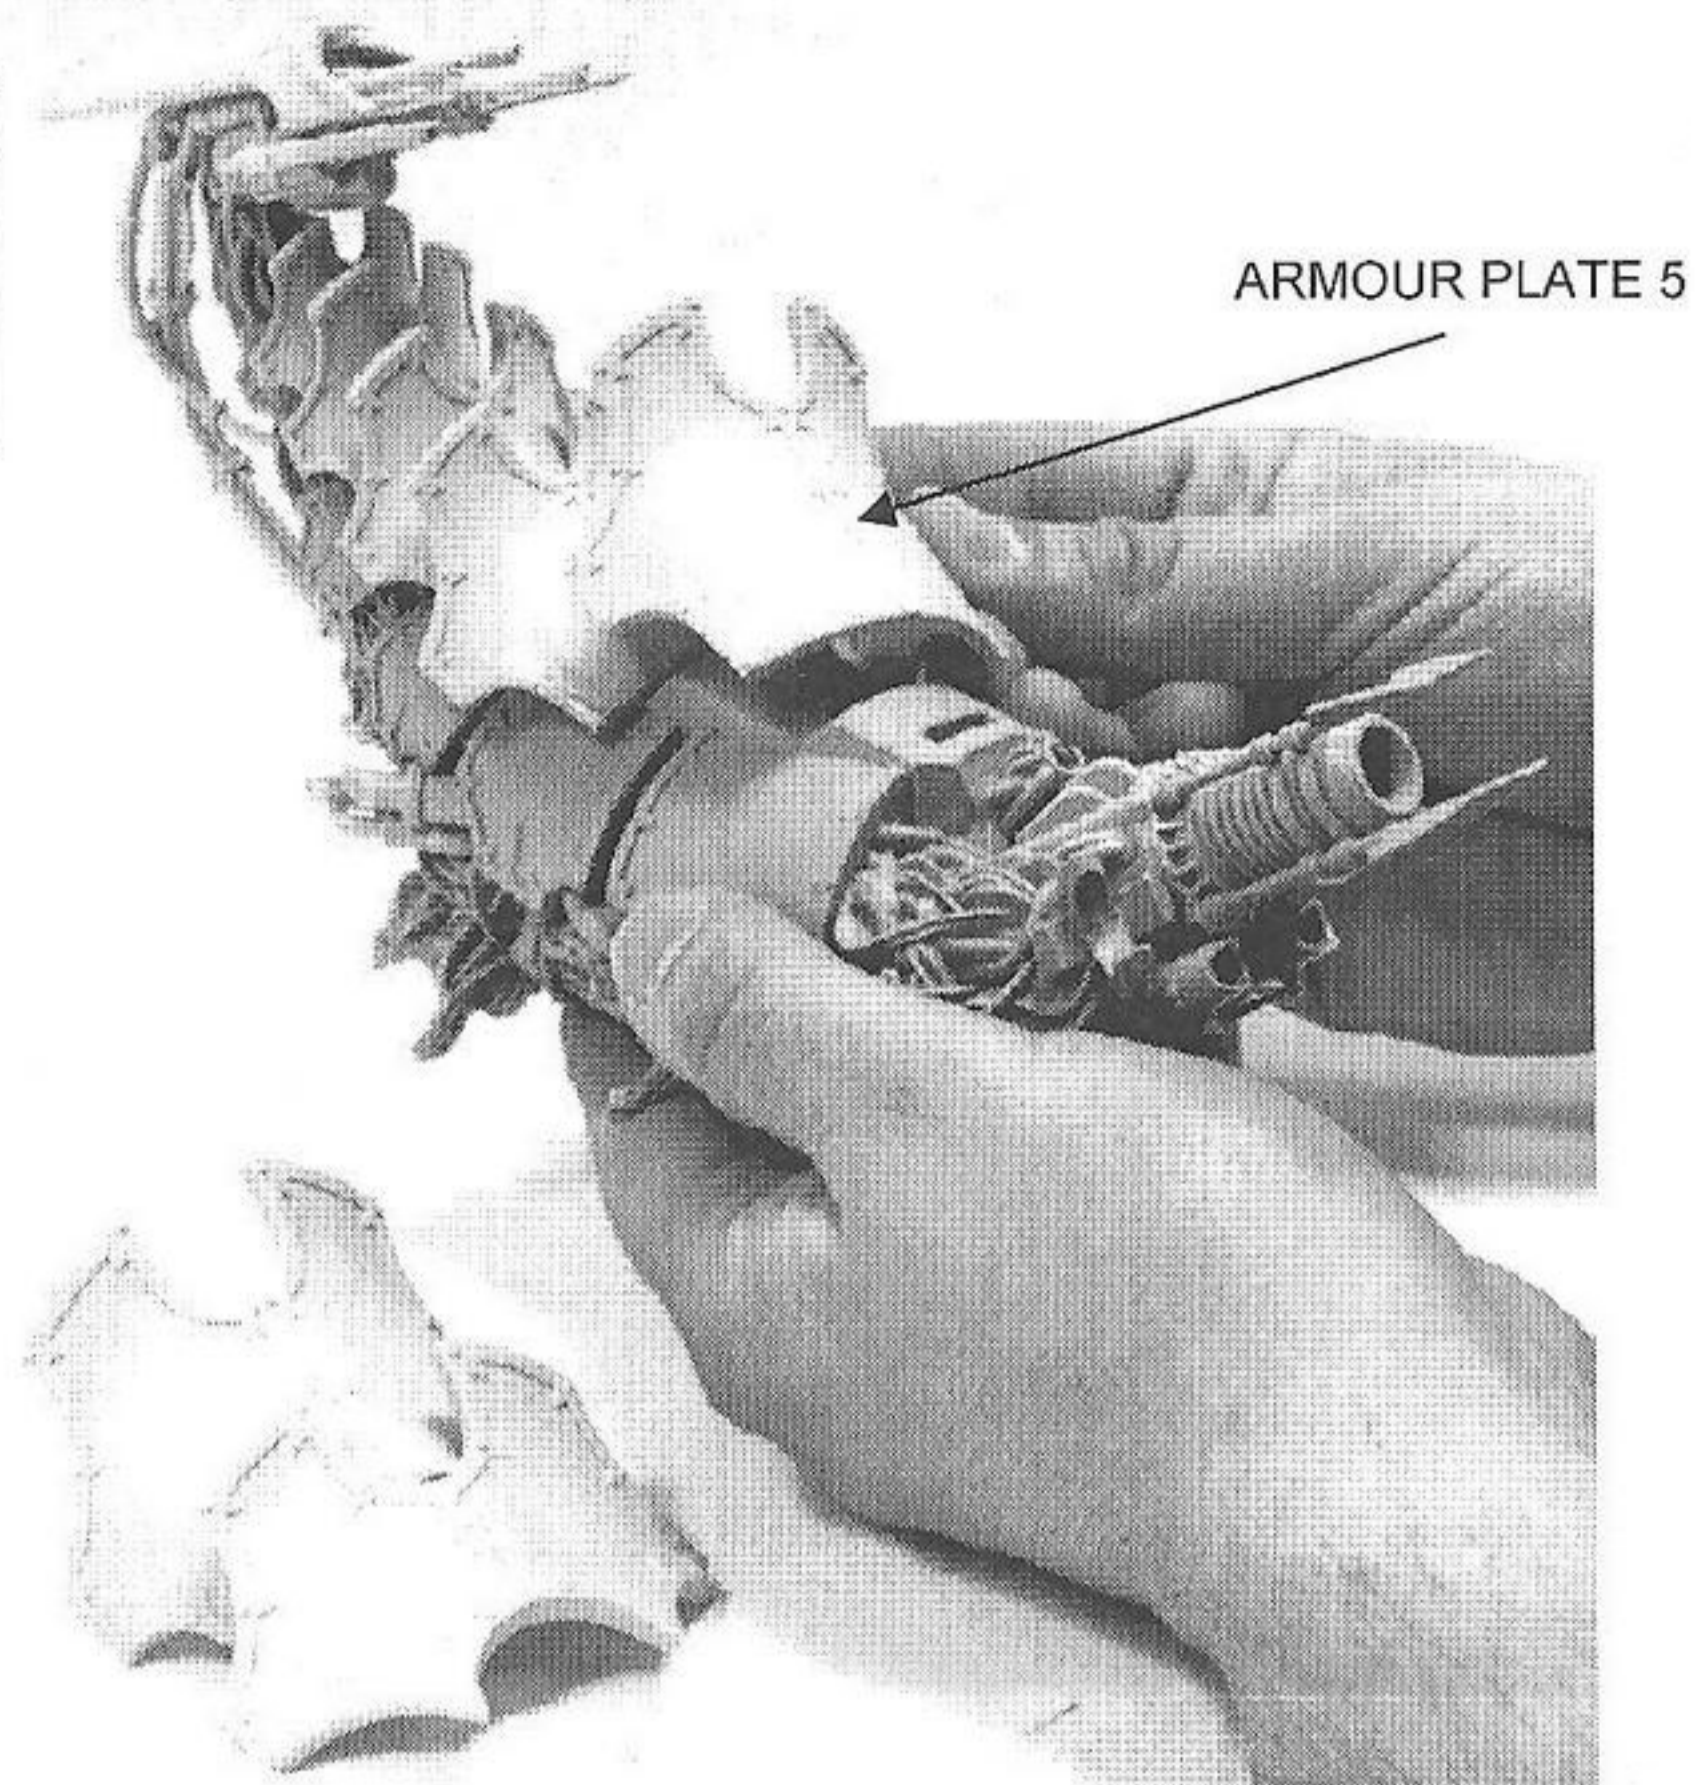

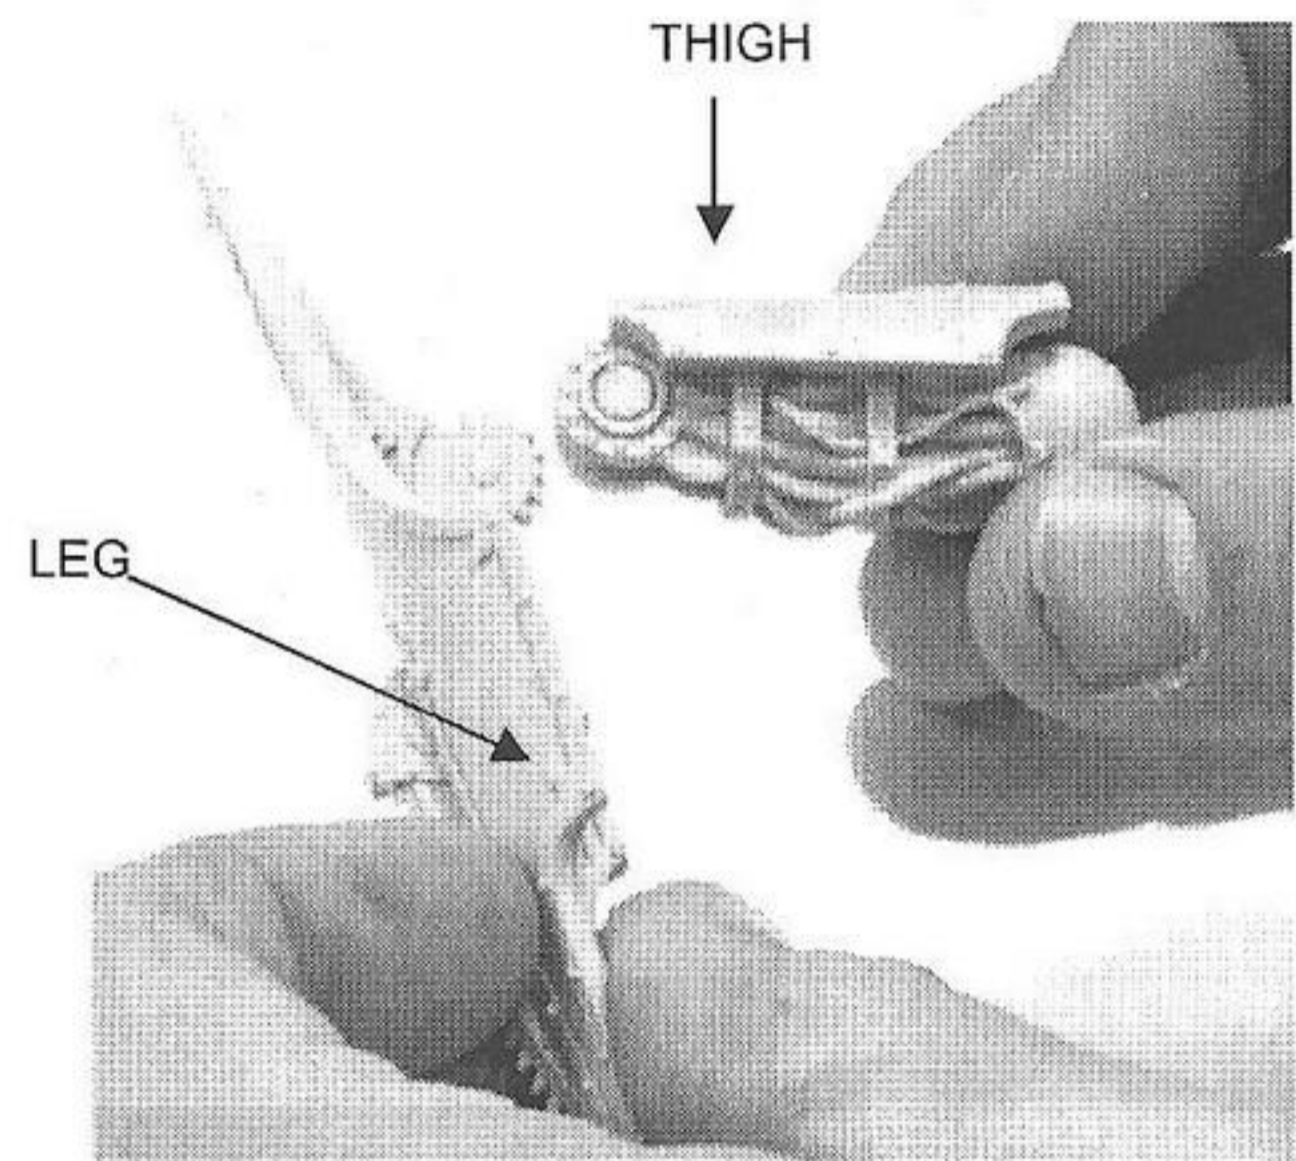

NOTE: Carefully remove shims from the Main Body's leg sockets

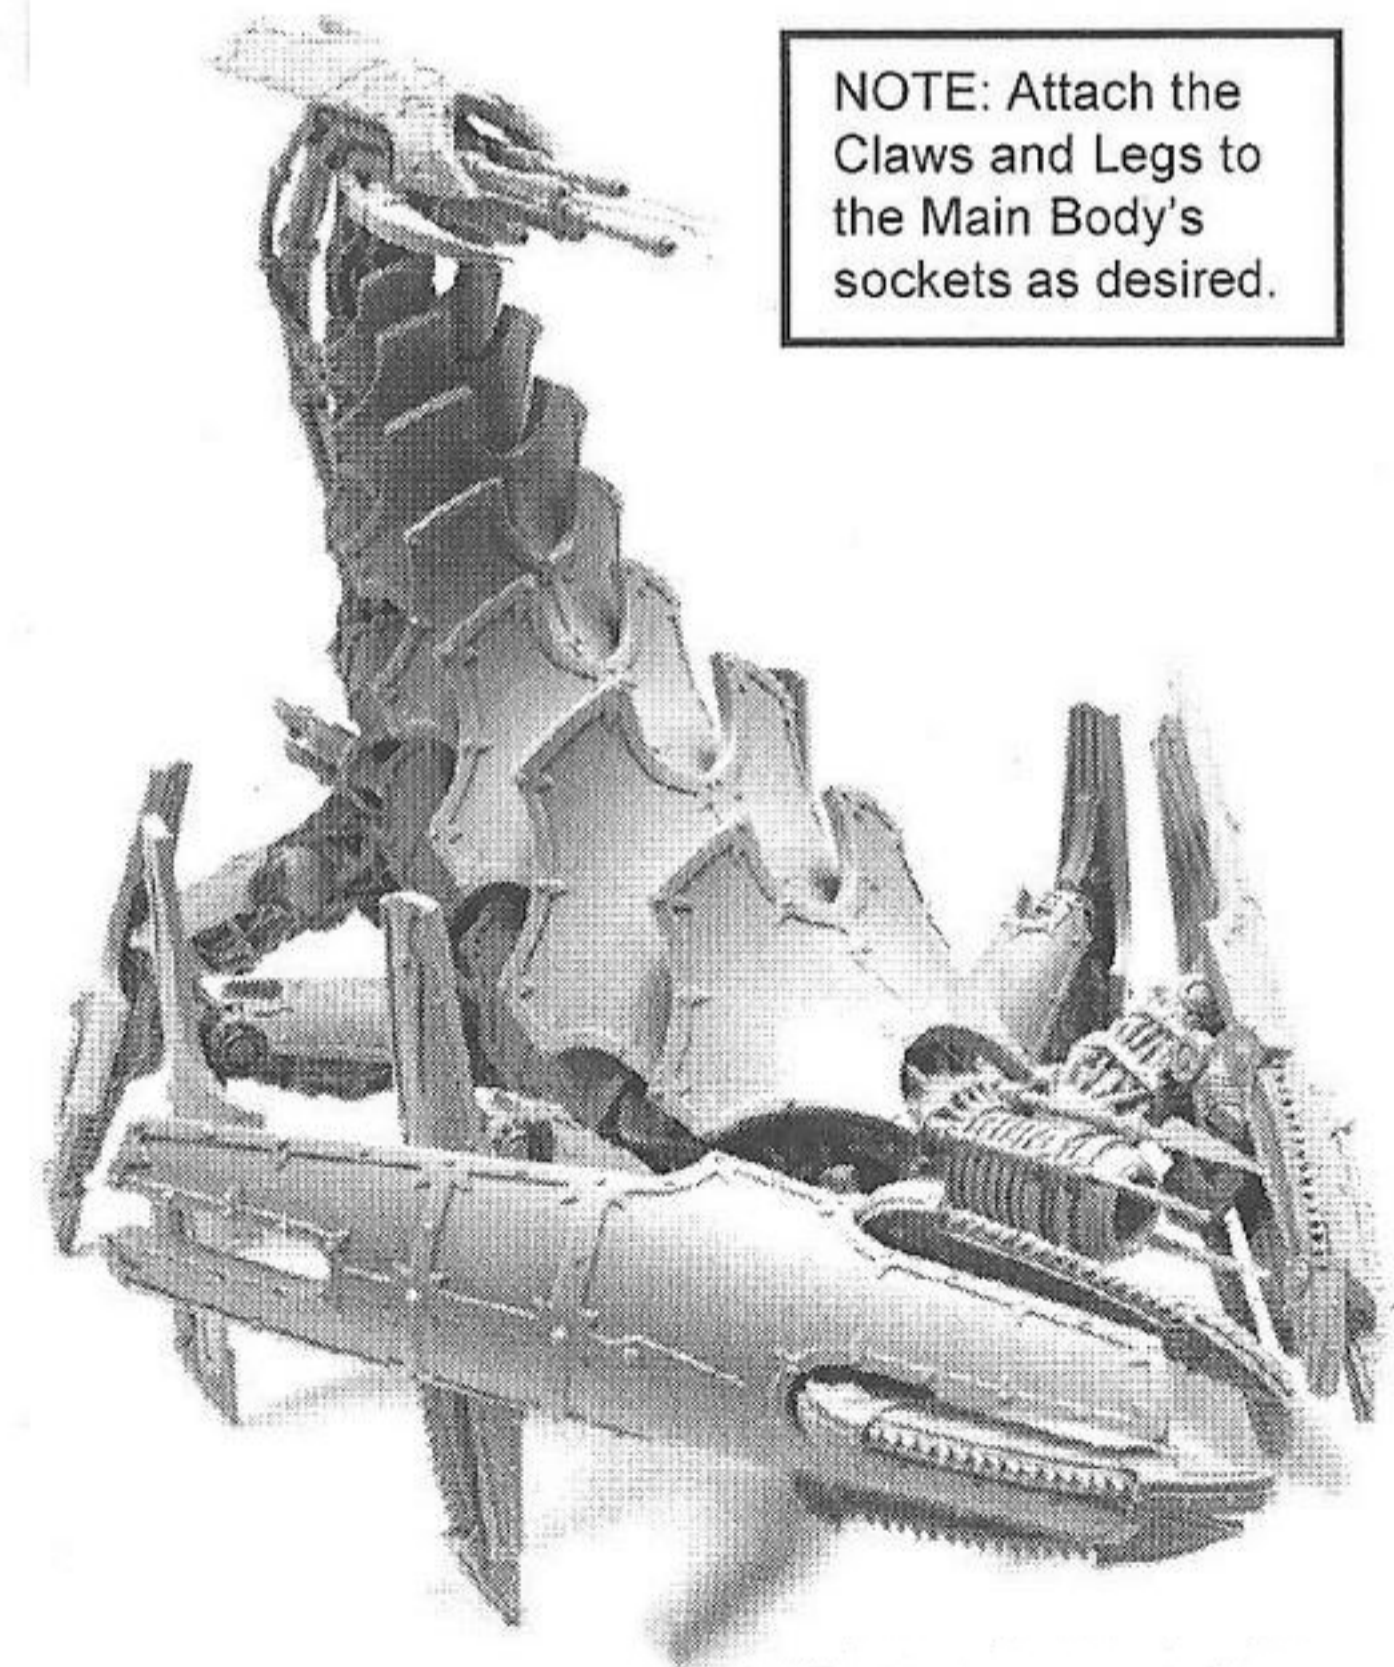

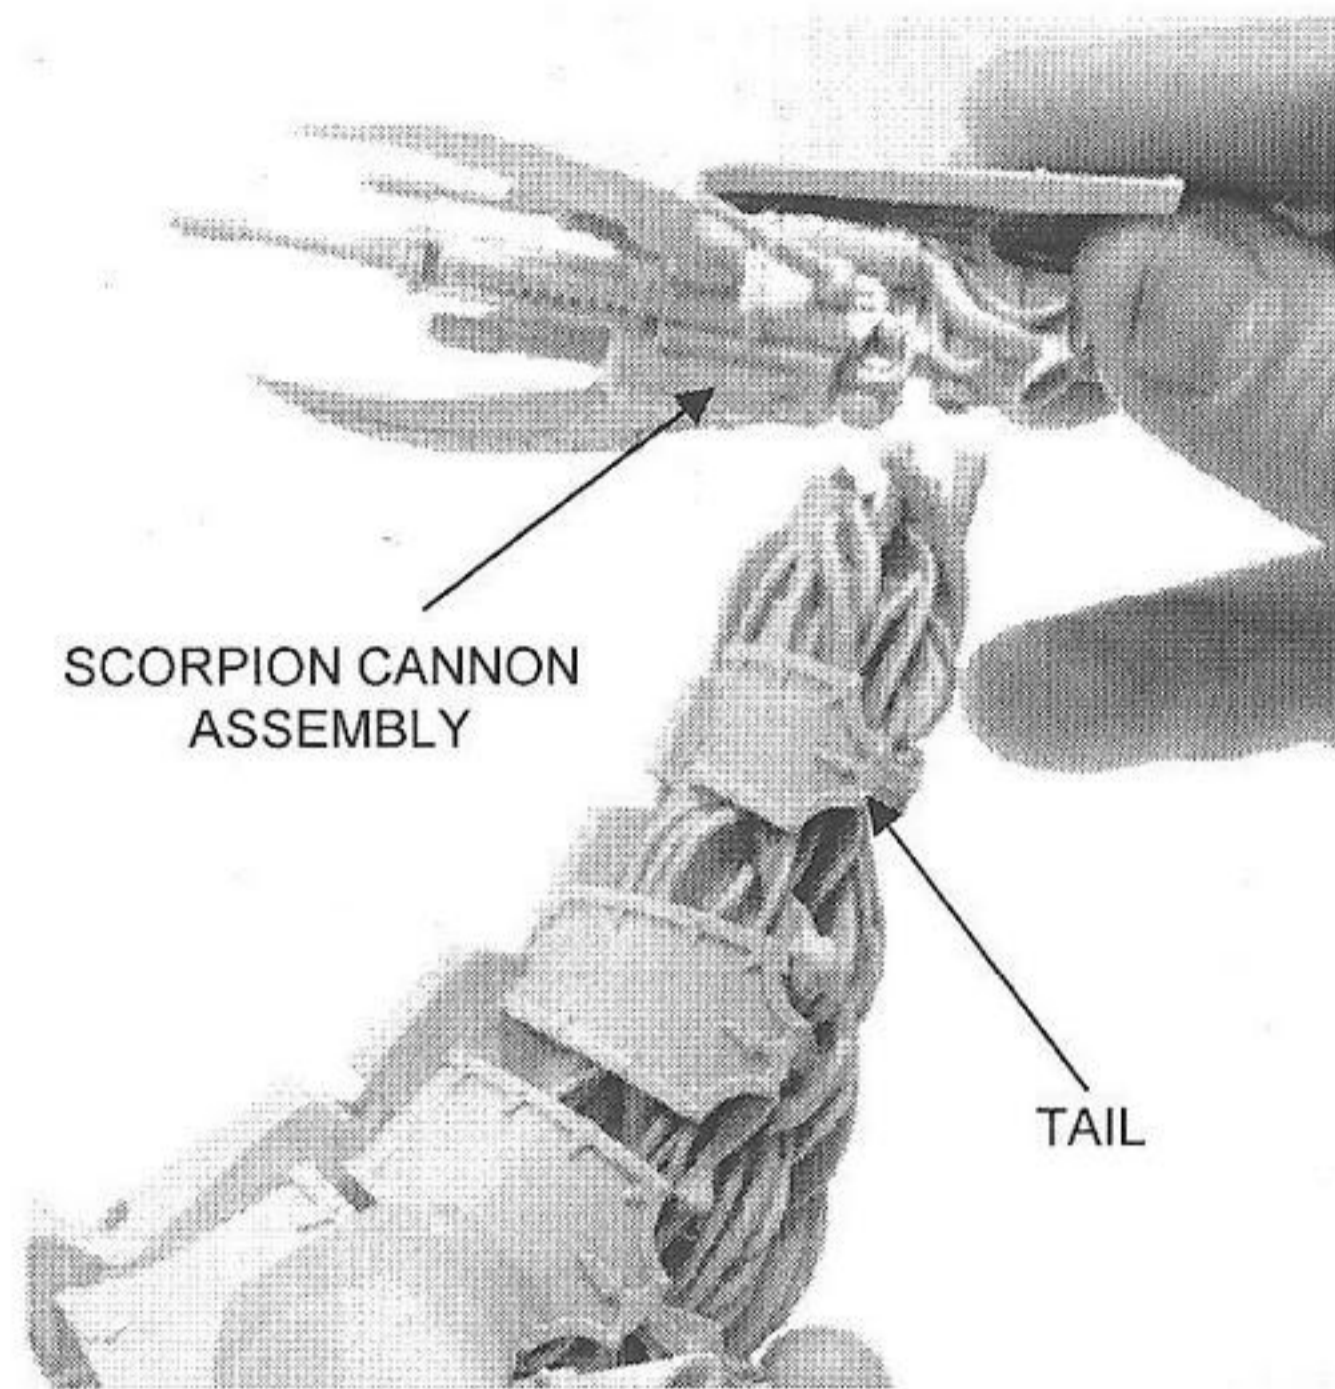

NOTE: Layer the Armour Plates starting with the smallest (ARMOUR PLATE 1) at the top of the tail and moving to the largest at the front.

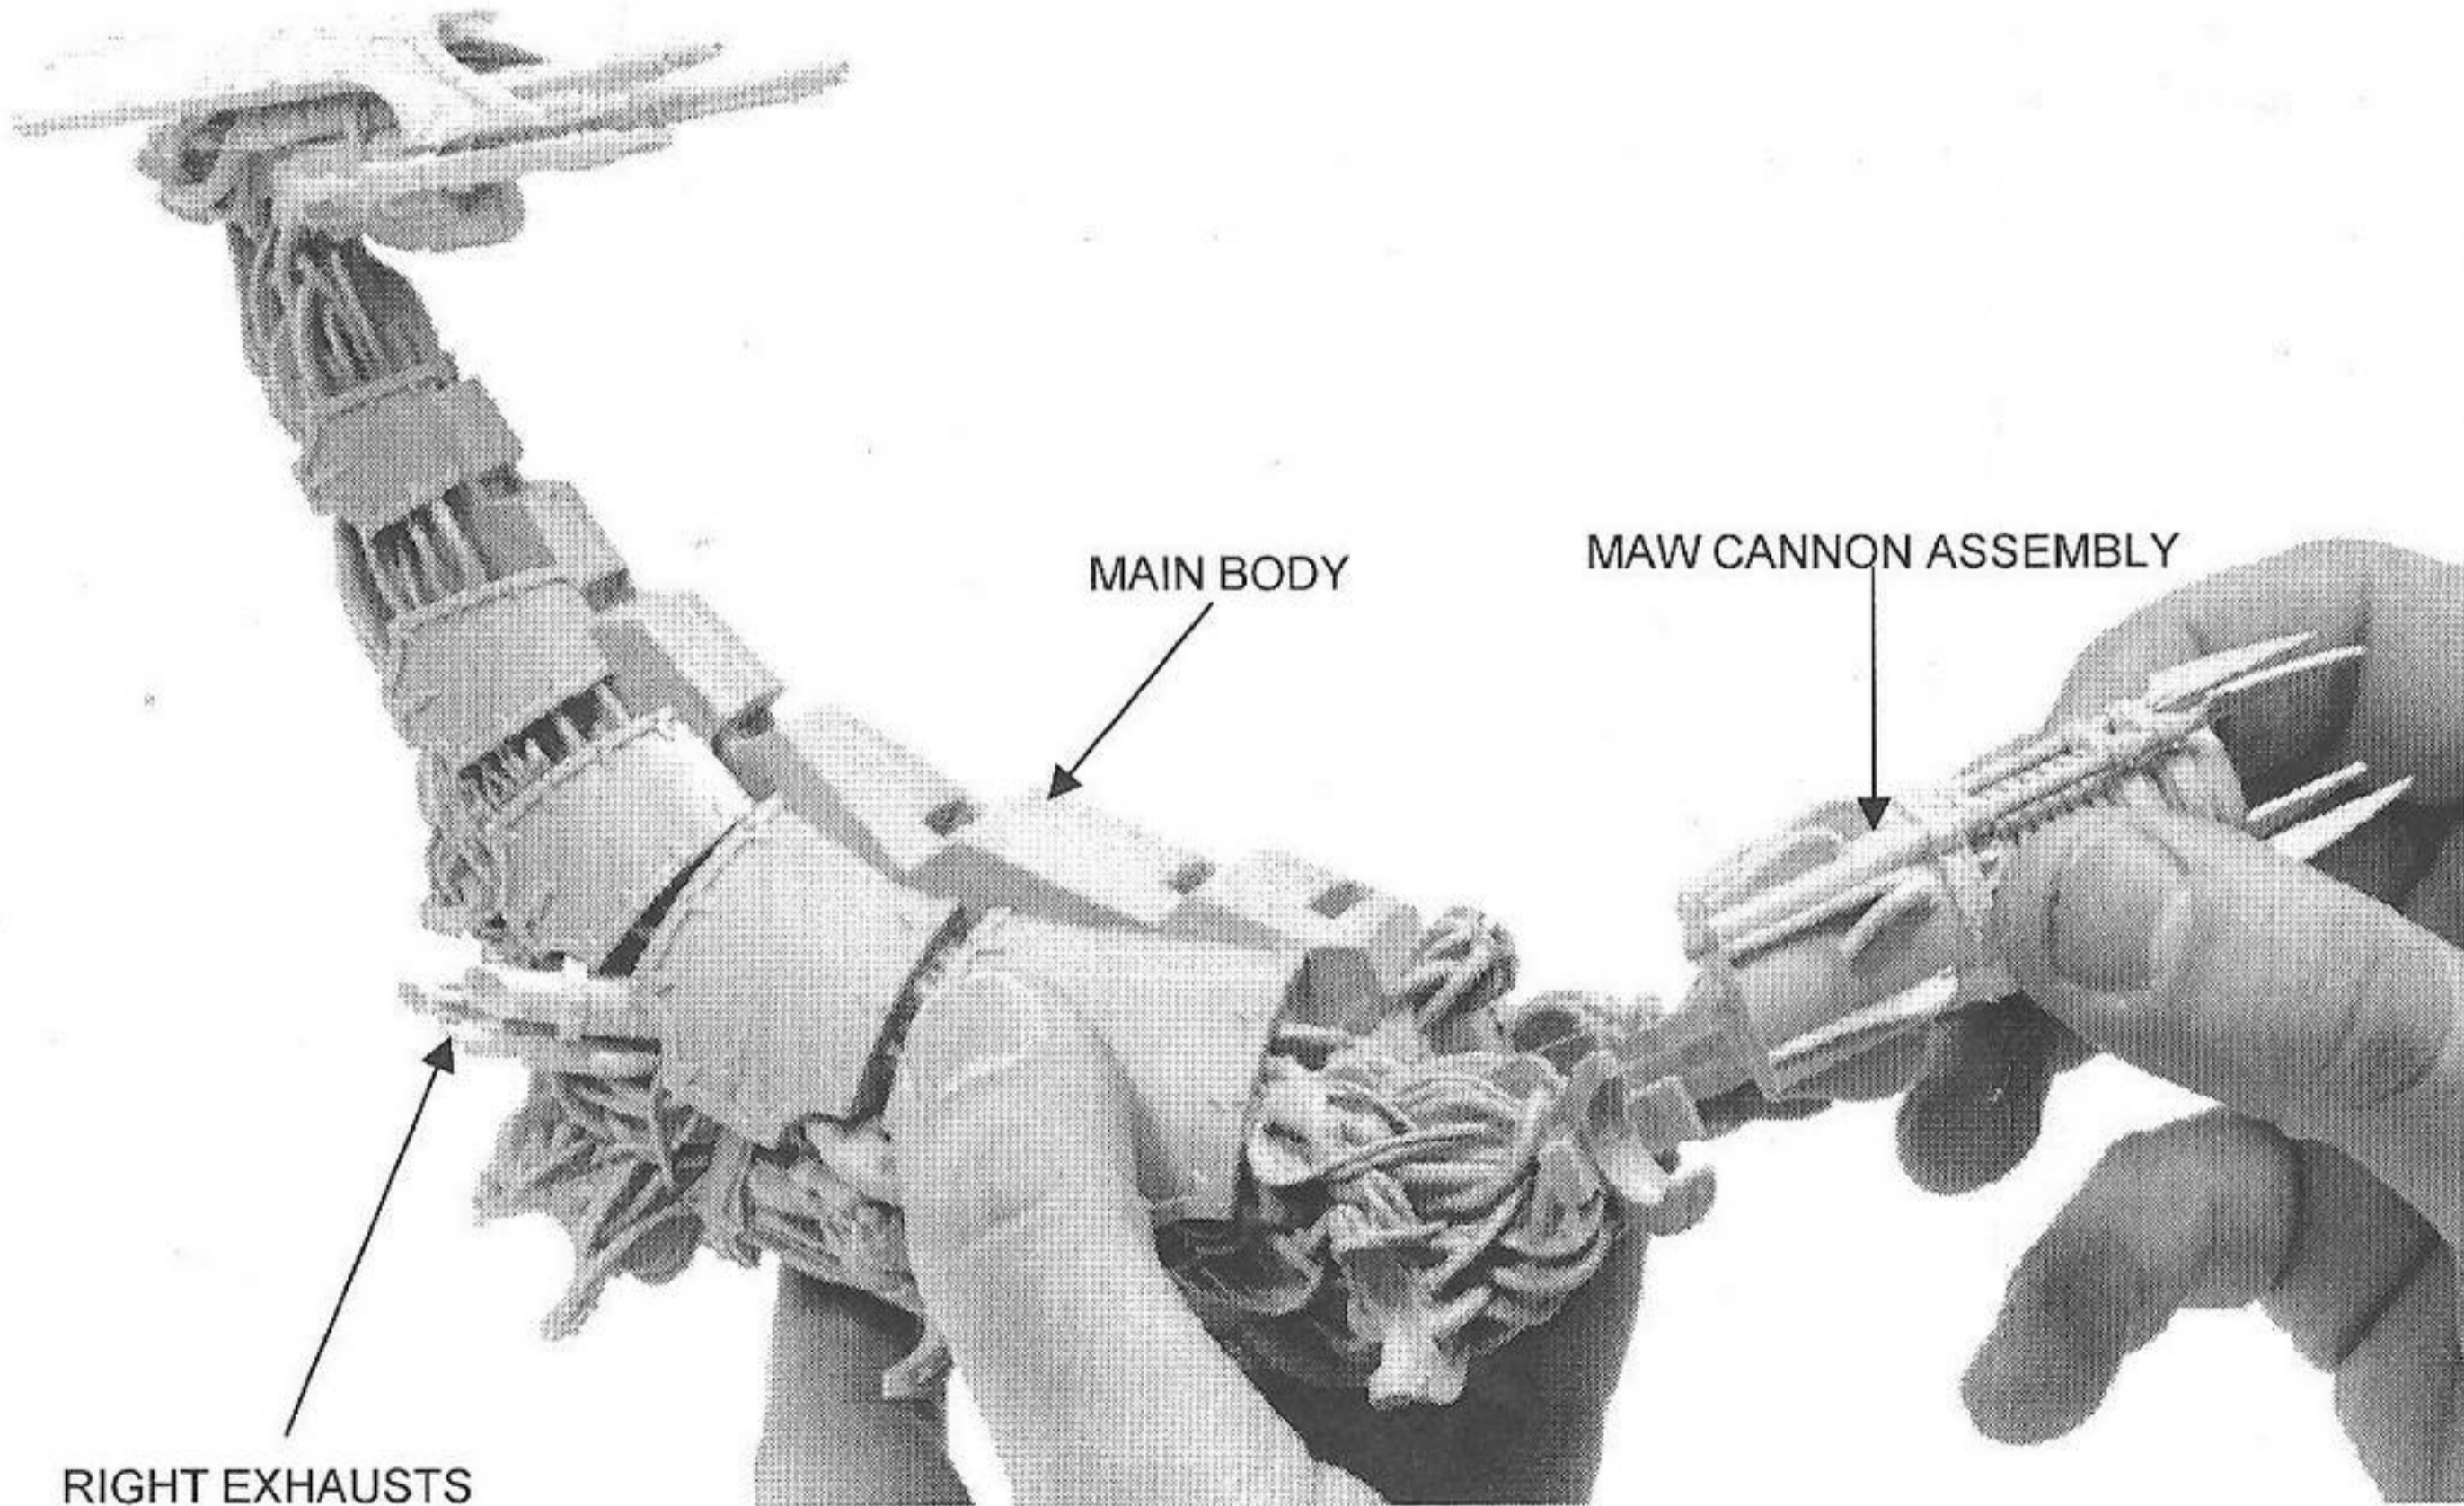

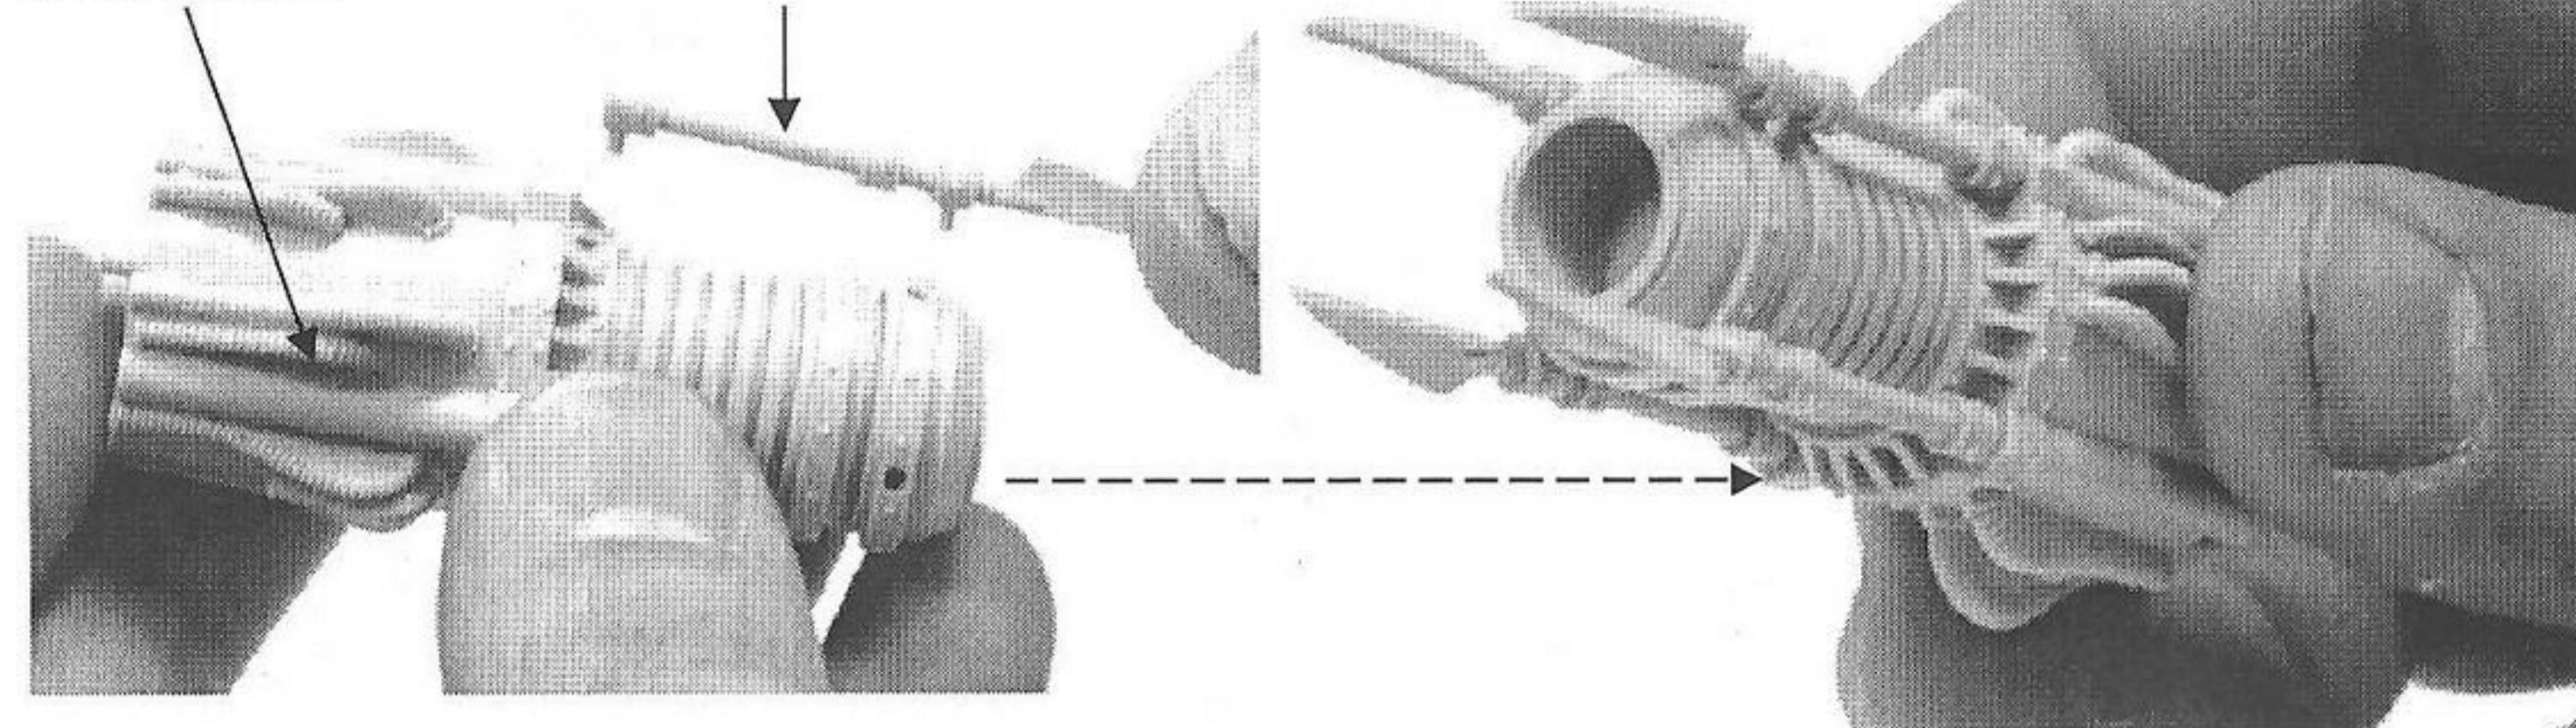

NOTE: Attach the Claws and Legs to the Main Body's sockets as desired.
