# DARK ANGELS LEGION

## INNER CIRCLE KNIGHTS

*The Cenobites of the Orders Militant are among the finest warriors of the First Legion, and each bears the most potent secrets and powerful weapons gathered by the Dark Angels over their many long years of war and death. The Cenobites of the Inner Circle are called upon when that knowledge is the key by which the Legion might unlock victory in the most terrible of battlefields and most dire of campaigns. It is by the edge of their well-honed blades that the Dark Angels have conquered enemies beyond count.*

**THIS IS NOT A TOY**

Not suitable for children under 15 years of age.

**WARNING:** Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.

0011 44 115 900 4995 from Australia

00 44 115 900 4995 from Europe and the rest of the world.

## Preparing a Model for Assembly

Before assembling a model, wash each part thoroughly with an abrasive brush, such as a toothbrush, to remove any model release agent that may still be on the surface of the parts. Then, remove any excess resin such as mould lines, casting gates, vents and shims.

For a more detailed guide to working with resin models, go to the Downloads section of the Forge World website.

This kit contains all of the pieces required to construct a unit of five Dark Angels Inner Circle Knights. To glue the resin pieces together, use Citadel Super Glue.

**NOTE:** We have cast this kit using advanced techniques and the best quality resin, but due to the nature of the casting process, your model may contain small air bubbles. These can be filled with model filler or super glue. Any slight warpage of thin parts can easily be corrected by immersing the part in hot tap water for about 1 minute, then carefully bending it back into shape.

The Capes (part 7, 13, 20, 21 and 32) are not specific to a model and can be used on models A to E as desired.
