IMPERIAL LAND SPEEDER – SPECIAL 30TH ANNIVERSARY EDITION

Mainstays of most Space Marine Legion armouries, Land Speeders are high-speed reconnaissance and rapid attack skimmers that utilise anti-gravity technology to achieve extraordinary battlefield mobility and speed. Combined with their heavy weaponry, this enables Land Speeders to form a core of rapidly-deployable tank hunters and close-air support units for a Space Marine force.

THIS IS NOT A TOY

Not suitable for children under 15 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.
