7. Right Rudder
8. Left Winglet
9. Right Winglet
10. Left Tail Bracket
11. Right Tail Bracket
12. Weapon Mounts
13. Engine Exhaust

This kit contains all the pieces required to produce the Vulture Gunship

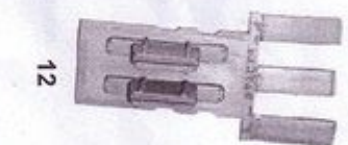

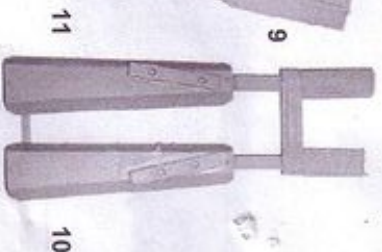

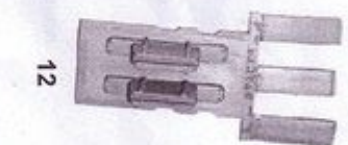

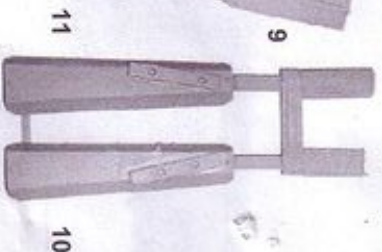

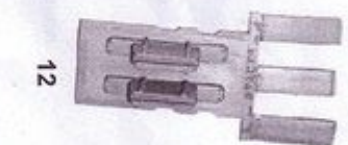

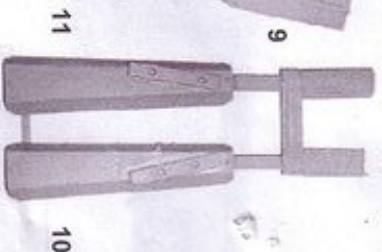

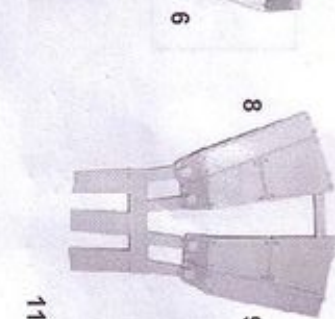

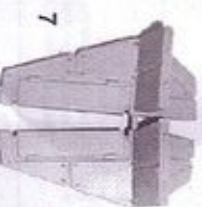

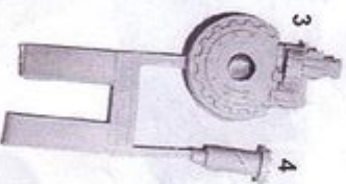

To glue the resin pieces together use Citadel Super Glue.

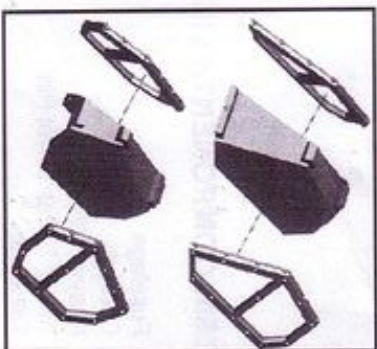

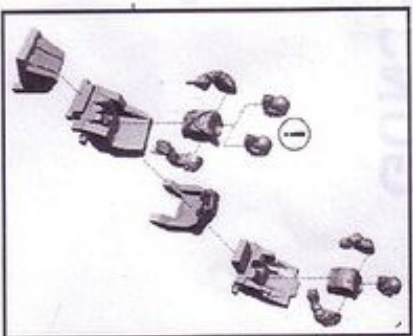

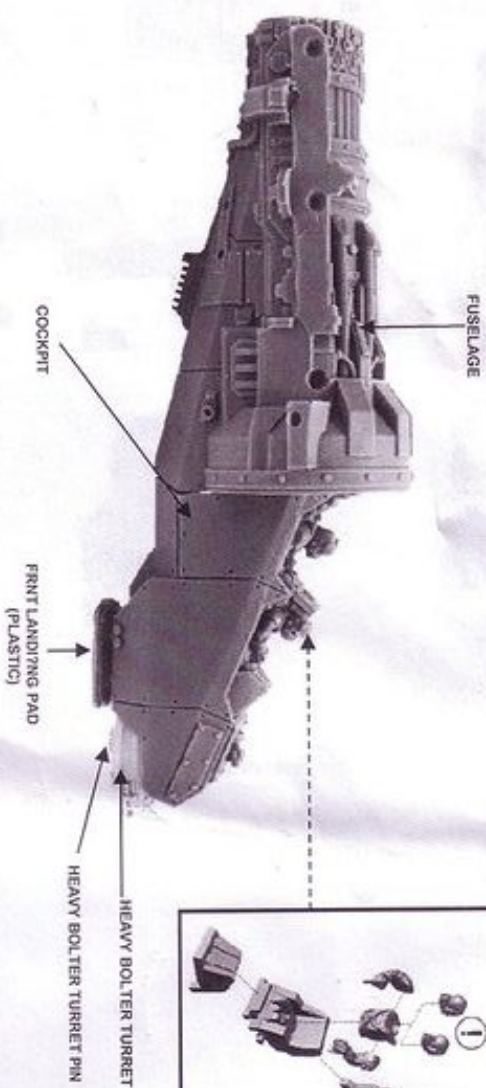

NOTE: We have cast this kit using the most advanced techniques and the best quality resin, but due to the nature of the casting process your model may contain very slight air bubbles. These can easily be filled with model filler or super glue. Any slight warpage of thin parts can easily be corrected by immersing the part in hot tap water for about 1 minute then carefully bending it back into shape.

THIS IS NOT A TOY

Not suitable for children under 15 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.

ASSEMBLY TIPS
Hold the nose of the Vulture down so that the front landing pad is flat against the table surface. Then attach the winglets so that the Vulture fuselage stands level.
