HOW TO BUILD

NECRON WARRIORS

Carefully follow this guide and assemble your models. Pay close attention to the instructions as you do so.

EASY TO BUILD

PUSH-FIT

NO GLUE

TOOLS REQUIRED

CLIPPER SAFETY

To cut a component from the sprue, carefully squeeze the clippers until the blades meet. The clippers and sprue can cause injury if misused. Children should ask an adult for help.

- Variant assembly

- Alternative build option

TWO SPRUES

You will need the sprues received with Issues 09 and 10 in order to follow this build guide.

CLIPPING

To clip the components from the sprue, place the flat of the blades next to the component you need and gently but firmly cut the plastic.

FRAGILE PARTS

Some components in this kit are fragile. When pushing components into place, only apply pressure directly behind the peg and slot.

HOW TO BUILD CANOPTEK SCARAB SWARMS

When grafting the Canoptek Scarabs into their bases. Apply gentle but firm pressure and make sure you do not press against fragile areas such as the limbs.

1 c

NECRON WARRIOR WEAPON OPTIONS

The Necron Warriors come with two different weapon options. Each model can be built with either weapon. You can choose which weapon each Necron Warrior wields, but you should build five Warriors with each weapon type. This will allow you to follow the paint guides and playthroughs featured later in this issue.

GAUSS FLAYER

x5

Gauss flayer components are highlighted in blue in this build guide. Assemble five of your Necron Warriors with gauss flayers.

GAUSS REAPER

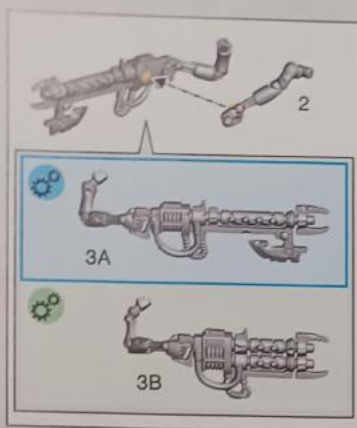

x5

Gauss reaper components are highlighted in green in this build guide. Assemble five of your Necron Warriors with gauss reapers.

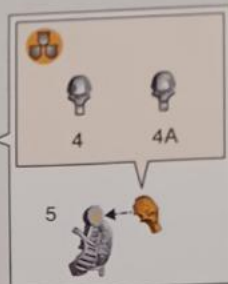

NECRON WARRIORS WITH GAUSS FLAYERS

2 a

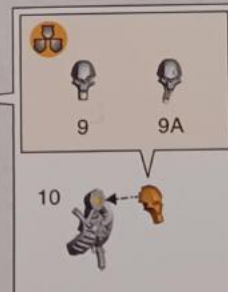

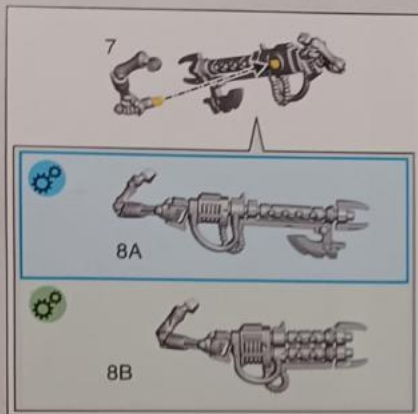

You will assemble the first five Necron Warriors with gauss flayers (highlighted in blue).

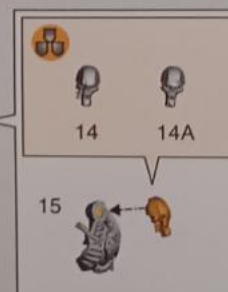

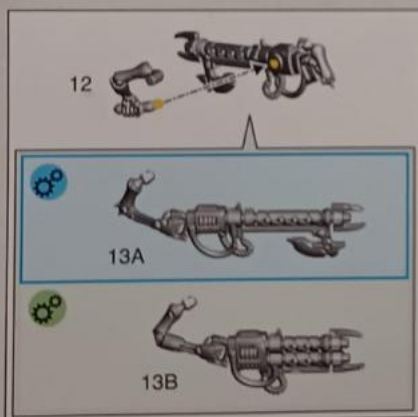

Push the head into position before pressing the chest section into place.

2 b

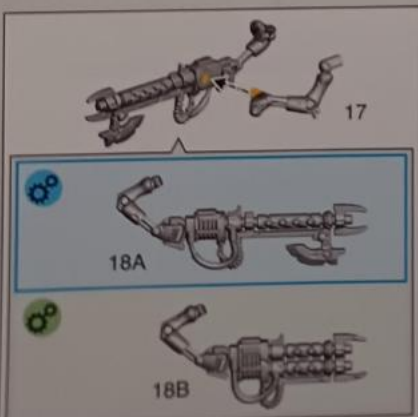

2 c

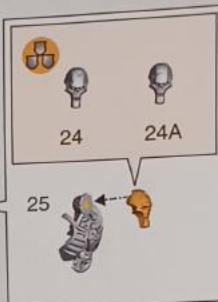

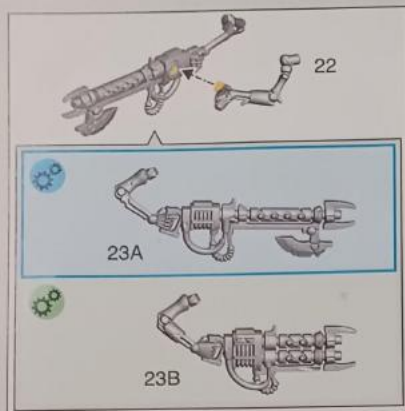

Each Necron Warrior has two head options. Feel free to use either head.

2 d

HOW TO BUILD NECRON WARRIORS WITH GAUSS FLAYERS continued

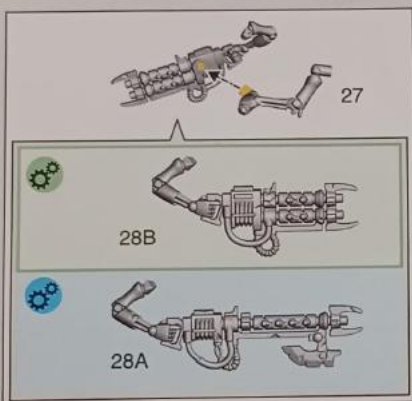

2 e

Hold the arms in place as you push the chest piece into position.

HOW TO BUILD NECRON WARRIORS WITH GAUSS REAPERS

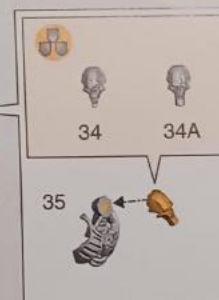

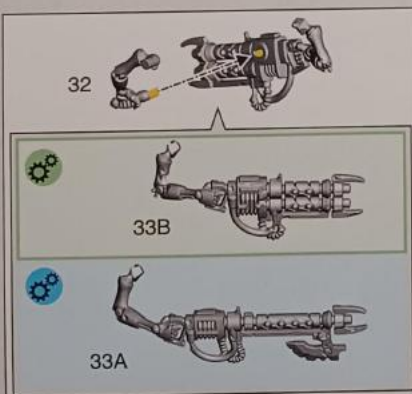

3 a

Assemble the next five Necron Warriors with gauss reapers. These are the double-barrelled weapons highlighted in green. Be careful when pushing the chest section into place. Try not to force the components – apply firm but gentle pressure.

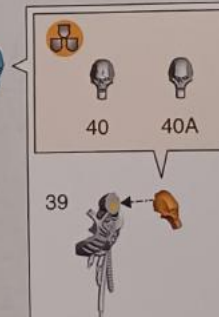

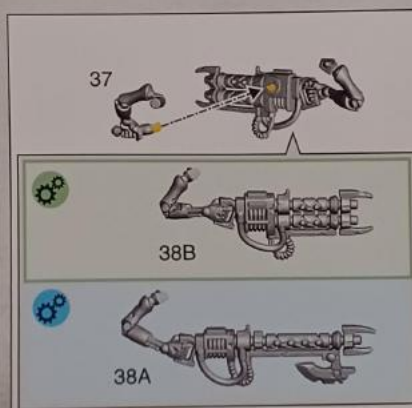

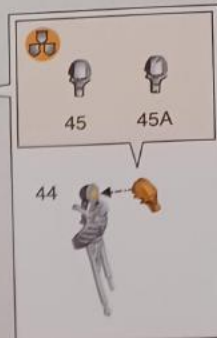

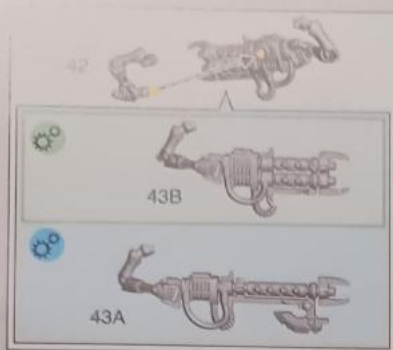

3 b

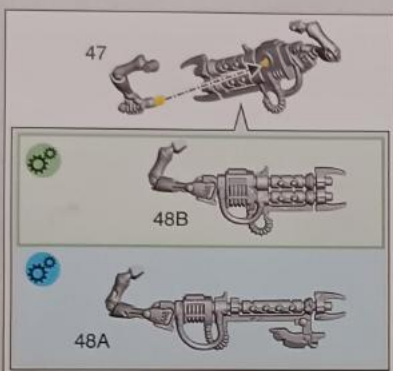

Only apply pressure directly behind the peg and hole.

3 e

FINISHED MODELS

Check your finished models against those below. Five of your Necron Warriors should be armed with gauss reapers and five with gauss flayers.
