RUINSTORM DAEMON BRUTES

Hulking creatures of twisted muscle and sharpened bone, Daemon Brutes are the vanguard of the horde, created to break the fragile ranks of the mortal armies and serve as a bulwark for the smaller minions of Chaos that follow in their wake. Each of these brutish monsters towers over even the enhanced warriors of the Legiones Astartes and is capable of shrugging aside the mass reactive projectiles of boltguns as though they were nothing more than mere irritations.

THIS IS NOT A TOY

Not suitable for children under 15 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.

Preparing the Model for Assembly

Before assembling the model, wash each part thoroughly with an abrasive brush, such as a toothbrush, to remove any model release agent that may still be on the surface of the parts. Then, remove any excess resin, such as mould lines, casting gates, vents and shims.

For a more detailed guide to working with resin models, go to the Downloads section of the Forge World website.

This kit contains all of the pieces required to construct three Ruinstorm Daemon Brutes. To glue the resin pieces together, use Citadel Super Glue.

NOTE: We have cast this kit using advanced techniques and the best quality resin, but due to the nature of the casting process, your model may contain small air bubbles. These can be filled with model filler or super glue. Any slight warpage of thin parts can easily be corrected by immersing the part in hot tap water for about 1 minute, then carefully bending it back into shape.
