WHITE SCARS LEGION

EBON KESHIG

Often deployed in the van of sieges and other high-intensity conflicts, the Ebon Keshig serve to shield the more mobile, lightly armoured contingents of the White Scars, following in their wake. Atoning for their past misdemeanours through both the pursuit of martial glory and the protection of their brethren, the Ebon Keshig seek redemption for past sins and perceived breaches of honour through battle, donning black ceramite in stark contrast to their battle brothers.

THIS IS NOT A TOY

Not suitable for children under 15 years of age.

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing resin parts.

Preparing a Model for Assembly

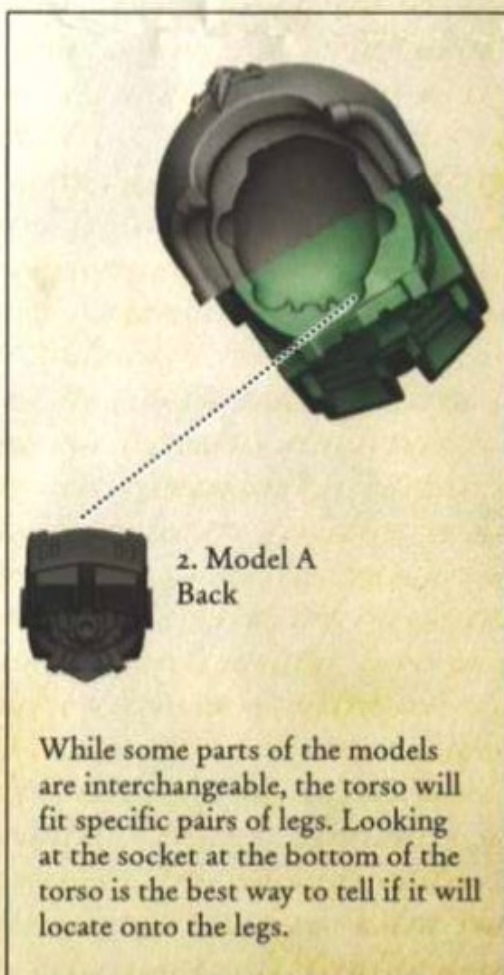

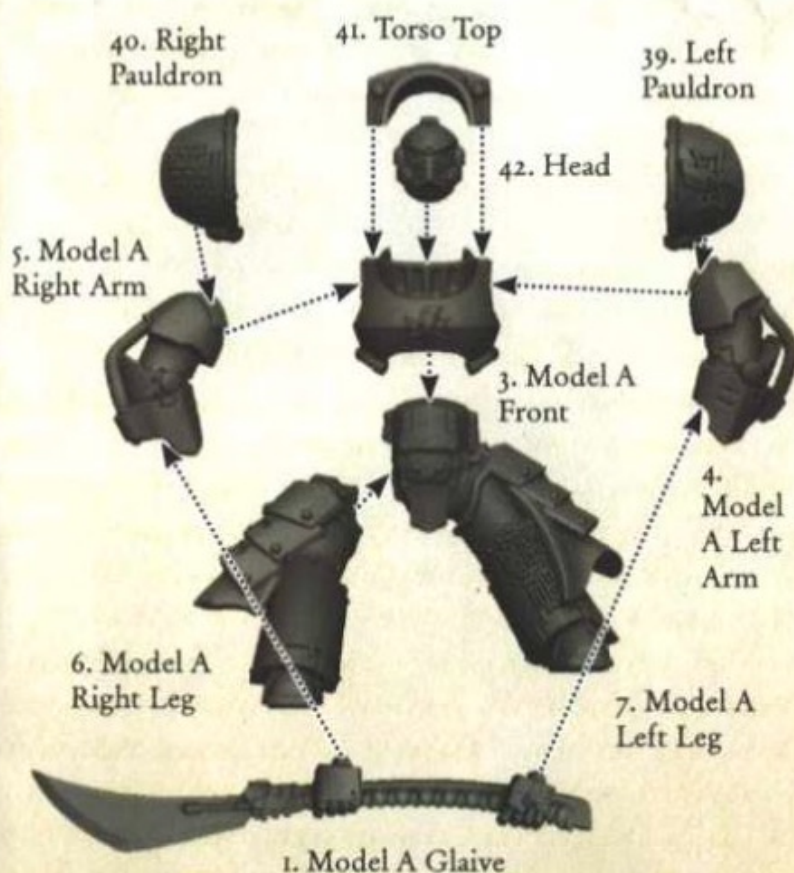

Before assembling a model, wash each part thoroughly with an abrasive brush, such as a toothbrush, to remove any model release agent that may still be on the surface of the parts. Then, remove any excess resin such as mould lines, casting gates, vents and shims.

For a more detailed guide to working with resin models, go to the Downloads section of the Forge World website.

This kit contains all of the pieces required to construct a unit of five White Scars Legion Ebon Keshig. To glue the resin pieces together, use Citadel Super Glue.

NOTE: We have cast this kit using advanced techniques and the best quality resin, but due to the nature of the casting process, your model may contain small air bubbles. These can be filled with model filler or super glue. Any slight warpage of thin parts can easily be corrected by immersing the part in hot tap water for about 1 minute, then carefully bending it back into shape.

If you need to contact the Forge World Customer Service team regarding this model, you can get in touch via email – forgeworld@gwplc.com – or call:
0115 900 4995 within the UK
011 44 115 900 4995 from the USA and Canada
0011 44 115 900 4995 from Australia
00 44 115 900 4995 from Europe and the rest of the world.
